Finally, the AGM has ratified some current proposals before closing the session by the Chairperson as following:

- 1- The ways of getting child marriage have been differentiating day by day. Misusing of social media has enforcing to child marriage. This weakens the productive human resources and request to all stakeholders including the three tires of Government of Nepal, development agencies, communities and campaigners to abolishing the issues.
- 2- Caste discrimination in the days is seeming as disgracing to society. This should be kicked off rapidly. All stakeholders are announced for joint collaborating agains caste discriminatory practices.
- 3- Women are still in our society staged as second position. Malpractices during menstruation demoralizes to women's sexual and reproductive health. Abolishing violation against women and promoting dignified menstruation should be addressed by all concerned.
- 4- Nepali society has been getting penalty without missteps due effects of climate change. The Bhotekshi flood and other floods, drought have vanished huge property and many lives. The devastating gradually going up yearly. Let's join our hands campaign for climate justice and asking for compensation to international community.
- 5- The access and quality to education is nominal in remote districts including Bajura. Expand our hands for accessible and qualitative services of education.
- 6- The health service has been becoming so expensive to the people of remote districts. They are obligated to move to urban area for getting treatment of general health problems. We call for quality of health services in Bajura and other remote districts.
- 7- Protection of domestic small-scale industries based on local resources for employment generation if must. We plea to three tires Government of Nepal to invest sufficiently in this sector.
