### 4. Best/Good Practices

#### ➤ Parents made the Home Reading Corner.

After the parental education session parents were motivated to give time to children and 66 parents made the reading corner at home. This is supportive to putting the children reading materials and also supportive in study.

#### ➤ Budhiganga Municipality was formed to Ward level CRC ( ward no.2 and 3) out of ICDP area.

#### ➤ Communication with Sponsor children through online media for completion of ACL

With the support of online media messenger, what's up, viber, call, 100% ACL was possible. We send the ACL format e-copy/hard copy they written and send back which was supportive in completion of ACL.

➤ **School is practicing the story telling by one child before starting the classroom.**

4 Schools of Budhiganga Municipality of Bajrura district Practicing the story telling by one child with in 5 minutes in every day before starting the class. This practice enhances the children's capacity to read and tell, which is also supportive in enhancing the reading fluency of children. So, this practice is good practice in early grade reading.

➤ **MHM issues focused on Policy and Program on FY 2080/081:**

The project areas all Municipalities and Rural Municipality have focused MHM issues on their policy and program FY 2080/81. It supports to make more active MHM campaign on the community level. This is the achievements of local level coordination and collaboration.

➤ **Traditional Healers activeness for reduce menstrual stigma:**

Traditional healer's mobilization is being very effective for reduce menstrual discrimination a harmful practice on our society. Altogether more than 20 THs are engaging in different types of workshop meetings etc. right now. This helps to break traditional misconceptions towards menstruation.

## **5. Learning.**

- ❖ Awaking the ward on anti-child marriage and MHM related issues, huge amount of awareness raising campaign and declaration program are motive.
- ❖ Teamwork made the possible to implement the activities in time i.e. food item support and other all activities of 2024
- ❖ Sensitized adolescent's girls and health mother's groups on MHM are the pillar of change.
- ❖ Mobilization to traditional healers is very important for reduce menstrual discrimination.
- ❖ Joint Monitoring also supporting for improving the quality of the project and finding the gap of the project.
- ❖ Jointly plan with local level and regular follow up supports to achieve the good results.

## **6. Major Issues/Challenges**

- ❖ Data management and general counselling to school dropped children.
- ❖ School conducted final examination of students which hamper school level activities.
- ❖ Lack of ownership of stakeholders.
- ❖ Low flow of children in Governmental Schools

## **7. Conclusion**

In conclusion ICDP Project successfully implemented all activities in 2024. This year mainly focused on ending child marriage related activities, home visiting, APR, ACL, EMS distribution, Child Marriage Status Survey, child friendly classroom management, MHM awareness through traditional healer and FCHVs and Food Item support. After the completion of all activities Field monitoring, Joint Monitoring, Social audit and LPAC were also timely completed in 2024.

**The End**
